

## 19" LCD Display

### UL-LCD19

The Advanced UL-LCD19, is a UL864/ULC-S527 listed, high resolution, 19 inch LCD display that is fully compatible with the Advanced ULPC-RACK PC. The UL-LCD19 is a small, light, compact unit that can be ordered with or without touch screen option and may be supplied in an 8U rack mount option.

The ULPC-RACK PC is ideal for applications requiring PC based fire graphics annunciation and control, and is ideally suited for proprietary applications. The PCs come pre-loaded from the factory with the Advanced Ad-VIEW graphics package. Customization of graphic images and system wide controls is made simple with the Ad-VIEW package. Interface to an Axis<sup>AX</sup> Series Intelligent Fire Alarm Control Panel and/or network is through an AX-BMS Module. All nodes on the network (up to 200) communicate status and system event information back through the AX-BMS Module to the PC. All communications circuitry is fault tolerant.

### Unique Features:
