Avigilon Control Center 6 High Definition Network Video Management Software

ACC 6 Core HD Network Video Management Software

Avigilon Control Center (ACC) Network Video Management Software (HD NVMS) is standalone software for recording, viewing, and managing Avigilon HD Multi-Megapixel IP cameras, Analog Video Encoders, and 3rd party IP cameras. It is licensed by the number of cameras the system will record. Please visit the Avigilon website (www.avigilon.com) for minimum system requirements and a detailed list of supported 3rd party IP cameras.

ACC HD NVMS is available in three editions; Core, Standard and Enterprise. Please visit the Avigilon Website for a detailed listing of the features available between the editions. Licenses from different editions cannot be combined, but editions can be upgraded using edition upgrade licenses.

ACC 6 licenses cannot be used on systems running ACC 5. ACC 5 licenses may only be used on ACC 6 systems by using sufficient ACC 5-to-6 upgrade licenses. ACC 5-to-6 upgrade licenses are not required for Core edition systems.

ACC 4 systems must be upgraded to ACC 5 before being upgraded to ACC 6. Both upgrades require upgrade licenses.

All ACC software licenses are delivered via email. Please append an “-M” to any software part number required in a CD/DVD format at no additional cost from Avigilon. It will include a printed license sticker. CDs or DVDs may be subject to local duty, taxes or fees.

GENERAL: These terms and conditions represent the entire agreement between you, the "Buyer", and Digital Monitoring Products Inc. ("DMP"). All transactions between buyer and DMP are expressly subject to and conditioned upon the terms and conditions set forth herein. Any different or conflicting terms or conditions set forth by the Buyer, whether in Buyer's purchase order or another communication, are expressly objected to and will not be binding on DMP unless agreed to in writing by an authorized officer of DMP. In the absence of such an agreement, commencement of performance and/or delivery shall be for Buyer's convenience only and shall not be deemed or construed to be acceptance of Buyer's terms and conditions. If a contract is not earlier formed by mutual agreement in writing, acceptance of any products by Buyer shall be deemed acceptance of the terms and conditions stated herein. This contract may not be assigned, modified or canceled by Buyer without DMP's prior written consent, and any attempt to assign, modify or cancel it without such consent shall be absolutely void. No delay or omission to exercise any right, power or remedy accruing to DMP upon breach or default by Buyer under this contract shall impair any such right, power or remedy of DMP, or shall be construed as a waiver of any such breach or default. In the event any of the provisions hereof shall, for any reason, be held void or unenforceable, the remaining provisions shall remain in full force and effect and shall control. Any provisions of this contract prohibited by law of any state shall, as to said state, be ineffective to the extent of such prohibition without invalidating the remaining provisions of this contract. NOTICE: Any notice to a party under this Agreement shall be in writing and shall be served upon the recipient by personal service, or by mailing a copy of such notice by certified mail, postage prepaid, with return receipt requested, if to DMP to: Digital Monitoring Products, Inc., 2500 N. Partnership Boulevard, Springfield, MO 65803, and if to Buyer, at the address shown above.

FCC REGULATIONS: DMP offers products which use radio frequencies whose use is governed by the Federal Communications Commission (FCC). The FCC provides you the right to use these products per applicable FCC rules and regulations. DMP is neither responsible nor liable for any cost incurred by Buyer due to changes in FCC rules and regulations, interference or other radio transmissions which may preclude the effective use by the buyer of the assigned frequencies.

LIMITED WARRANTY: DMP warrants that the products manufactured by DMP and described herein, shall be free from defects of manufacture, labeling, and packaging for a period of three (3) years from the invoice date to the original Buyer, provided that representative samples of the defective products are returned to DMP for inspection. DMP's determination of whether a CDMA device manufactured by DMP and not activated through SecureCom Wireless, LLC (i) has a manufacturing defect subject to repair/replacement pursuant to this Limited Warranty, or (ii) will be repaired by DMP after expiration of this Limited Warranty shall be limited to certain physical test(s) of the device exclusively determined by DMP; provided, that such test(s) shall not include DMP communicating with the cellular provider. If, after such physical test(s), DMP is unable to determine whether the device has a manufacturing defect covered by this Limited Warranty or, if after expiration of this Limited Warranty, DMP is unable to determine the cause of the malfunction of the device, DMP shall not provide any warranty service or repair service and shall return the device to customer at customer's cost and expense. Upon a determination by DMP that a product manufactured by DMP has a manufacturing defect, DMP shall, at its exclusive option, and as its sole obligation, replace or repair said defective product or part thereof at its own expense except that Buyer shall pay all shipping, insurance and similar charges incurred in connection with the replacement of the defective product or parts thereof. Products sold but not manufactured by DMP (OEM products) are subject solely to the terms and conditions of that manufacturer's warranty, if any, applicable to such products. The sole purpose of any sale or contract for sale of any of the products listed in the DMP catalog or price list is the furnishing of that product. It is expressly understood by Buyer that in furnishing any of such products, DMP does not warrant or insure the Buyer against any losses the Buyer or any end user of the product may incur, even if resulting from the malfunction of said product. DMP does not warrant or represent that the products sold may not be compromised or circumvented, will operate as designed, will prevent or reduce personal injury, property damage or economic loss, or will provide adequate warning or notice as designed or may be intended by Buyer or any end user. Buyer understands and will cause its customers to understand that a properly installed and maintained alarm system may only reduce the risk of a burglary, robbery, or fire without warning, but it is not insurance or a guarantee that such will not occur or will not cause or lead to personal injury or property loss. All warranties are void if a product is damaged, becomes defective or malfunctions due to accident, abuse, vandalism, neglect, negligence, any modification, improper installation, service, or testing, misapplication, misuse, lightning, electricity, water, fire, environmental or other hazard, or act of God, or if for any other reason DMP determines that said product is not operating properly as a result of causes other than defective manufacture, labeling, or packaging. No employee or agent of DMP's is authorized to make any warranty other than that specifically set forth herein. The provisions in any specification or chart issued by DMP or attached hereto are descriptive only and are not warranties.

THE AFORESAID LIMITED WARRANTY IS EXPRESSLY MADE IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, IT BEING UNDERSTOOD THAT ALL SUCH OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED. IN NO EVENT SHALL DMP OR ITS REPRESENTATIVES BE LIABLE TO BUYER FOR ANY DIRECT, INDIRECT, COLLATERAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES IN CONNECTION WITH BUYER'S OR END USER'S USE OF ANY OF THE PRODUCTS LISTED HEREIN, OR FOR ANY OTHER CAUSE WHATSOEVER RELATING TO THE SAID PRODUCTS, INCLUDING DAMAGES RELATIVE TO, ARISING FROM, OR CAUSED DIRECTLY OR INDIRECTLY BY SAID PRODUCTS OR THE USE THEREOF OR ANY DEFICIENCY, DEFECT, OR INADEQUACY OF THE SAID PRODUCTS. IT IS EXPRESSLY AGREED THAT BUYER'S EXCLUSIVE REMEDY FOR ANY CAUSE OF ACTION RELATING TO THE PURCHASE AND/OR USE OF ANY OF THE PRODUCTS LISTED HEREIN FROM DMP SHALL BE FOR ACTUAL DAMAGES ONLY, AND DMP'S LIABILITY FOR ANY AND ALL LOSSES OR DAMAGES RESULTING FROM ANY CAUSE WHATSOEVER INCLUDING ACTIVE OR PASSIVE NEGLIGENCE OR OTHER FAULT SHALL IN NO EVENT EXCEED THE PURCHASE PRICE OF THE PRODUCT IN RESPECT TO WHICH THE CLAIM IS MADE, OR AT THE ELECTION OF DMP THE RESTORATION OR REPLACEMENT OR REPAIR OF SUCH PRODUCT. BUYER ACKNOWLEDGES AND AGREES THAT THIS LIMITED WARRANTY IS GIVEN ONLY TO THE BUYER AND IS NOT TRANSFERABLE OR ASSIGNABLE, IN ANY MANNER WHATSOEVER, TO PERSON OR ENTITY WHO RECEIVES THE PRODUCT (BY PURCHASE OR OTHERWISE) FROM BUYER.

LIMITATION ON LIABILITY TO BUYER'S CUSTOMERS: Buyer agrees to limit liability to its customers to the fullest extent permitted by law pursuant to a written contract between Buyer and each end user for whom a DMP product is provided. Buyer acknowledges that DMP shall only be deemed to give consumers of its products such statutory warranties as may be required by law and at no time shall Buyer represent to its customers and/or users of DMP's products that DMP provides any additional warranties. By accepting the products, to the fullest extent permitted by law, Buyer assumes all liability for and agrees to indemnify and hold DMP harmless against and defend DMP from, any and all suits, claims, demands, causes of action and judgments relating to damages, whether for personal injury or to personal property, suffered by any person, firm, corporation or business association, including but not limited to, Buyer's customers and/or users of the products because of any failure of the products to detect and/or warn of the danger for which the products were designed or any other failure of the products whether or not such damages are caused or contributed to by the sole or joint negligence or fault of DMP.

RETURN AND REPAIR POLICY: Written approval must be obtained from DMP prior to return of any product purchased from DMP whether for repairs, credit or otherwise. A Return Merchandise Authorization (RMA) tag must accompany each item returned. The RMA number must appear on the package and shipping charges must be prepaid. Products returned for credit must be in the original, unopened packaging. All DMP manufactured products returned for credit must be returned within 60 days from date of purchase (30 days for OEM products) with proof of purchase. A 15% restocking charge will be made on all returned products. No products will be accepted for credit after 60 days. Repair charges will be applied to all products returned for repair after the warranty period has expired at DMP's then prevailing rates. DMP shall not be obligated to repair or replace any products that have been abused, improperly installed, altered or otherwise misused and is not obligated to repair or replace any product that is discontinued, obsolete or that repair parts are no longer available for. All products must be returned to Springfield, Missouri, freight prepaid. DMP will return repaired or replaced products to Buyer UPS Ground at DMP's expense. If for some reason Buyer desires a faster method of shipping then Buyer agrees to pay the difference in freight charges. Circuit boards only (no cabinets) are to be returned for repair unless it is determined there is a defect in the actual cabinet supplied.
