HOLE PUNCHES AND CHAIN REEL

HOLE PUNCHES make a $1/8$" round hole and come with clipping receptacles. The **HP1** is light-duty, punching a single paper tag or label. The **HP2** is medium-duty, for more frequent punching of single paper tags and labels. **Ergodyne's HOLE PUNCH HOLSTER** (**HPH**) features ballistic nylon construction, a stainless steel clip, and two pen/pencil pockets, and it fits most hole punches and utility knives. **NOTE:** For punching multiple paper, metal, and plastic tags as well as molded service collars, etc., please use our **HP3** or **TP5R** punches.

P/N	DESCRIPTION
HP1	Light-Duty Punch w/ 1" Reach
HP2	Medium-Duty Punch w/ 2" Reach
HPH	Hole Punch Holster, 9"L x 2"W x 1"D

HEAVY-DUTY/INDUSTRIAL HOLE PUNCHES can punch more than one tag at a time. The **HP3** has a 2" reach and a clipping receptacle, while the **TP5R** has a 1" reach. Both punch $1/8$" round holes and are ideal for punching **Verification of Service Collars**.

P/N	DESCRIPTION
HP3	Industrial Punch
TP5R	Heavy-Duty Punch

The **CHAIN REEL** is a great way to keep track of hole punches, keys, system service pins, and more.

P/N	DESCRIPTION
KC1	Chain Reel

RECHARGE CHEMICAL

UL CLASSIFIED UNIVERSAL DRY CHEMICAL comes in 50 lb pails for use in many manufacturers' fire extinguishers (per NFPA 10).

A423320	Ansul PRX Liquid Agent, 5 gal
	For K-Guard & Piranha, (K01, K01-1)
BK600872	Buckeye Recharge, 6 L

Ansul® K-Guard®, Piranha®, and PRX® are registered marks of Tyco Fire Products LP.

FireTech's **EZ-FILL SIPHON** is not only easy but fast—transferring up to 3.5 gal of liquid per minute. The 6' clear hose is durable, flexible, non-toxic, and has a copper nipple that is anti-static and anti-spark for safety. Use it to transfer liquids, including fuels, oils, water, paint, and more. To operate, make sure the liquid to be transferred is higher than the empty container. Submerge the **EZ-Fill Siphon** and shake it to start the transfer.

P/N	DESCRIPTION
EZFILL	EZ-Fill Siphon

EZFILL In Use

EZFILL

FUNNELS, SCOOPS, AND AIR HOSE

The retracting **Brooks AIR HOSE REEL** is long lasting, thanks to the top-quality materials that go into making it. Made of steel, it is covered in a corrosion-resistant powder coating for extra-long life. It comes with 50' of $3/8$" rubber hose and includes a multi-position ratchet lock, tension adjustment, and a full-flow swivel that prevents leakage. A guide arm cuts down on hose wear and tear plus, with nine adjustable positions, the reel can be mounted on the ceiling, floor, or wall. 300 psi.

P/N	DESCRIPTION
AHR50	Air Hose Reel w/ 50' Hose

AHR50

COILED AIR HOSES are for blowing out valves, cleaning off work areas, etc. **CH** models are permanently coiled hoses, made from abrasion resistant nylon and fitted with brass fittings. **AHC** models feature flexible polyurethane hose with swivel brass fittings. Hoses come standard with $1/4$" NPT(M) fittings on both ends.
NOTE: Do not use for recharge line!

The easy-to-use **BLOW-OUT BAG** empties dry chemical extinguishers in seconds without a mess, saving time and money. Just place the nozzle or hose into the bag, hold it securely, and release the pressure slowly (until empty). A hook-and-loop closure across the bottom makes it easy to empty.

WARNING: DO NOT mix chemicals! Not recommended for reclaiming chemicals.

P/N	DESCRIPTION
BBAG	Blow-Out Bag

The **POWDER PAIL BAG** controls the flow of powder, keeping dust to a minimum, and fills hoppers.

P/N	DESCRIPTION
PPB1	Powder Pail Bag

This 16 oz **RUBBER MALLET** "fluffs" chemical in cylinders and more.

P/N	DESCRIPTION
RM16	Rubber Mallet

Disposable **DUST MASKS** block non-toxic dusts, powders, and pollen. They are lightweight with adjustable elastic head straps and metal-forming strips over the nose for comfort. Pkg/50.

P/N	DESCRIPTION
RP9500	Dust Masks

CYLINDER VALVE GUARD meets DOT, OSHA, and MSHA requirements. The **GT11** can be fitted and padlocked over a cylinder valve with the regulator attached, while the **CCAP** protects the cylinder valve only. Measures $3^{1}/_{8}$" x 11 tpi.

P/N	DESCRIPTION
GT11	Cylinder Valve Guard
CCAP	Cylinder Cap

The **RECHARGE GAUGE** features all-stainless, all-welded construction with only 1% fluctuation in accuracy. It includes a $3^{1}/_{2}$" dial and $^{1}/_{4}$" NPT lower connection and has a range of 0–1000 psi in increments of 10 psi. Used to meet NFPA 10 requirements when pressurizing extinguishers. Re-calibratable.

P/N	DESCRIPTION
SSPRCG1000	Recharge Gauge
SSPRCG	Re-Calibration Service

The **2550 NITROGEN REGULATOR** setup is for recharging extinguishers. It has a spring-type (re-seating) safety relief, CGA580 inlet connection, $^{1}/_{4}$" NPT female outlet, high-strength rubber diaphragm, and a rugged all-metal body. It also comes with part number **NITA** and has a 0–500 psi outlet pressure.

P/N	DESCRIPTION
2550	Nitrogen Regulator w/ NITA (Hose Not Included)
N10H	10' High-Pressure Nitrogen Hose
1000G	1000 psi Replacement Gauge For Nitrogen Regulator
4000G	4000 psi Replacement Gauge For Nitrogen Regulator
NITA	Nitrogen Valve to Regulator Adapter
CO2	$^{1}/_{4}$" F x $^{1}/_{4}$" F CO_2 Coupling

In Use photos may show items not included or available separately.
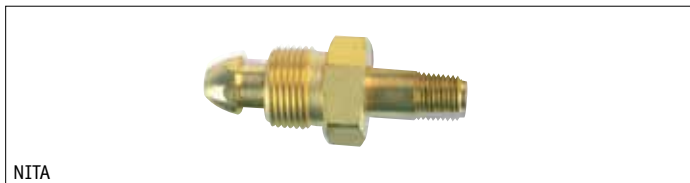

This **3-WAY VALVE** provides an easy and safe method of venting pressure when charging dry chemical and other low-pressure fire extinguishers. After reaching the correct extinguisher pressure and installing the extinguisher's pull pin, a half turn of the 3-way valve handle instantly bleeds off the pressure between the **3WV** and the extinguisher (with minimal loss of nitrogen) for safe removal of the quick disconnect (**QDC** or **QDC2**). Use the **4HN** nipple to attach the quick disconnect. Maximum pressure is 500 psi.

P/N	DESCRIPTION

3WV w/ 4HN In Use
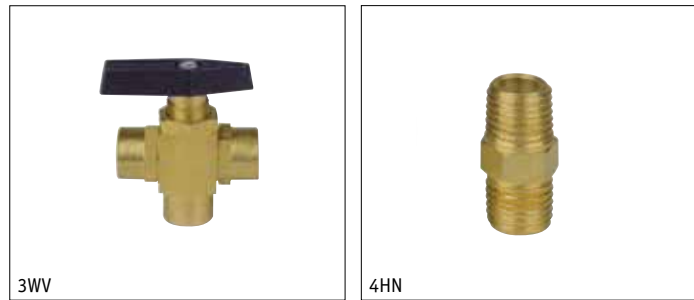

SCALES

Ideal for weighing extinguishers during recharge, this **FIXED SPRING DIAL PLATFORM SCALE** features corrosion-resistant construction with a shatter-resistant window. Its dual-read feature displays weight in both English Standard and Metric units. It comes with a zero adjustment knob and has a 13" x 13" platform.

P/N	DESCRIPTION
T100	100 lb x 4 oz Fixed Spring Dial Scale

Built to withstand the demands of a commercial kitchen, this **HEAVY-DUTY HIGH-PERFORMANCE TABLETOP SCALE** is made from stainless steel and features a large angled dial with a shatter-resistant lens. The scale's platform measures 9" x 9", while the entire unit measures $7^1/_4$"L x $10^5/_8$"H x $10^7/_8$"W.

P/N	DESCRIPTION
T40	40 lb x 2 oz Heavy-Duty Tabletop Scale

T100

T40

These **LEGAL-FOR-TRADE SCALES** incorporate a portable wireless design, and feature over/under check weighing, removable stainless steel platforms, and adjustable auto shutoffs. An automatic/semi-automatic zero-setting mechanism and AC adapter (except **BDS160X**) are standard.
NOTE: All units are AC/DC (batteries not included).

P/N	DESCRIPTION
BDS160*	160 oz x 0.1 oz LFT Digital Scale
BDS160X	160 oz x 0.1 oz LFT Digital Scale (Without Adapter)

This **PAINTBALL RECHARGE KIT** features two 1000 psi WOG CO_2 brass ball valves and a CO_2 pin depressor for safe filling and handling.
WARNING: This kit is for refilling paintball cylinders only. A scale must be used to ensure a safe fill. For indoor use only.

P/N	DESCRIPTION
PBRKIT	Paintball Cylinder Recharge Kit

NOTE: The above adapters and components are only a partial list of items and equipment needed to safely refill carbon dioxide cartridges and cylinders. These adapters and components should be purchased and used **only** by personnel who are thoroughly familiar with, and understand, the standards published in the Compressed Gas Association pamphlets G-6 and S-1.1, Code of Federal Regulations Title 49, Parts 100 thru 185, and who have received "hands-on" training under the direct supervision of someone experienced in cartridge refilling. If you lack the knowledge, training, or experience described above, **do not** attempt to refill carbon dioxide cartridges or cylinders. Instead, we recommend that you purchase either new cylinders and cartridges or have them refilled by an established service facility. **Failure to adhere to the above instructions could result in serious injury or death!**

HYDROTEST EQUIPMENT

This **LOW-PRESSURE HYDROTEST PUMP** is made of cast aluminum with stainless steel pistons and a 0–1000 psi pressure gauge. Order hose (**N10H**) and quick disconnect coupler (**QDC**) separately. Weighs 12 lb.

P/N	DESCRIPTION
HTP	Hydrotest Pump (Pump Only)
HPCS	Replacement Check Stem Kit
	For Hydrostatic Test Pump
N10H	10' High-Pressure Nitrogen Hose
1000G	1000 psi Replacement Gauge
	For Hydrostatic Test Pump
QDC	Quick Disconnect Coupler
OR27	O-Ring
	For Piston (2 Required)

3G58630GZ

Brooks' TEST CAGE comes with a durable red powder paint finish, 13 ga steel mesh, and 11 ga steel frame with mounting holes on the bottom. Its top has a $1^1/2$" hole for a test hose, while its hinged door has a latch for easy access. Weighs 29 lb. Measures 31"H x 12"W x 11"D.

P/N	DESCRIPTION
TC	Test Cage

The **Getz AIR PUMP HYDROSTATIC TEST SYSTEM** is air powered with a 0–800 liquid filled gauge and **Getz Head Assembly**. Other features include a rotating safety cage and an air blowout valve for dispersing water from an extinguisher. A filtration system also filters out dry chemical during the emptying cycle and its fill and empty come with female quick couplings. Garden hose hook up. Operates on 80–100 psi shop air, nitrogen, or CO_2 vapor. **NOTE:** Requires 3G0078GZ to comply with U.S. DOT regulations!

P/N	DESCRIPTION
3G58630GZ	Air Pump Hydrostatic Test System

3G0078GZ

Getz's TEST CYLINDER WITH MASTER GAUGE calibrates cylinders for low-pressure hydrotesters and comes with a DOT and NFPA compliant gauge.

P/N	DESCRIPTION
3G0078GZ	Test Cylinder w/ Master Gauge

3G0047GZ In Use

The **HYDRO AID COMPLETE**, from **Getz**, removes any remaining dry chemical prior to hydrotesting and any residual water after hydrotesting to decrease drying time. It comes standard with an incoming air supply to a $1/2$" ball valve (100 psi max) and a $1^1/2$" vacuum port for a shop vac (not included) with a HEPA filter.

P/N	DESCRIPTION
3G0047GZ	Hydro Aid Complete

In Use photos may show items not included or available separately.

This **CYLINDER DRYER** produces 1400 W at $\frac{1}{3}$ hp for decreased drying times. It connects to a standard 110 VAC outlet with its 20' cord.

P/N	DESCRIPTION
59705GZ	Getz Cylinder Dryer

This temperature-controlled, 1-hp **COMPACT CYLINDER DRYER** features **Getz's** economy **Hot Blower** mounted inside. Ideal for service trucks and shops. 120 VAC. 95 CFM.

P/N	DESCRIPTION
3G0101GZ	Compact Cylinder Dryer

The **CERTIFIED TEST GAUGE**, for hydrostatic testing of low-pressure cylinders (required by NFPA 10), meets test gauge requirements for both volumetric expansion and modified hydrostatic (proof pressure) testing of DOT-specified cylinders. An additional gauge should be used as a master gauge for a daily system check, as required by NFPA 10. It features a 0–1000 psi range, 0.25% accuracy (full scale), and 5 psi minor graduations and has an externally adjustable dial that measures $4\frac{1}{2}$". The gauge has a $\frac{1}{4}$" NPT lower connection that fits the **HTP** test pump, plus it is calibrated and certified prior to shipment. **Brooks** can deadweight test and recertify your test or master gauges in our Charlotte, N.C. location. Send carefully packed gauges (with ALL adapters removed), marked "GAUGE SHOP," to our Charlotte address. Your re-certified gauge will be shipped back within two business days of receipt (using the same method of shipment unless otherwise instructed). Not for high-pressure testing!

WARNING: **Not responsible for damage due to adaptors not being removed before shipping! Brooks cannot repair damaged gauges!**

P/N	DESCRIPTION
SSPTG1000	1000 psi Certified Test Gauge
SSPDW11	Deadweight Test & Re-Certify Gauge

This **DUAL-GAUGE ASSEMBLY**, from **Getz**, meets the same requirements as our **Certified Test Gauge** and includes two 0-800 psi digital gauges, a dual 45° gauge block with an air-bleed valve, and a drain line. It features a shutoff valve at the working and master gauge assembly, 6' of pressure line, a shutoff valve for connecting to your existing pump, and a mounting bracket.

P/N	DESCRIPTION
DDP59327GZ	Dual-Gauge Assembly

CYLINDER INSPECTION LIGHTS come with protective covers/extensions and flexible shafts that can be bent to most any desired angle. Batteries included.

P/N	DESCRIPTION
24CIL	24" Cylinder Inspection Light, Krypton Lamp
16CIL	16" Cylinder Inspection Light, Incandescent Lamp
110KRP	Krypton Replacement Bulb
100S	Incandescent Replacement Bulb

Make changing links fast and easy with these **LINKAGE PLIERS** from **Brooks**. No more scrunching fingers and busting knuckles trying to release cable pressure on scissor brackets. Simply place the specially curved steel jaws in the bracket holes and squeeze for fast, effortless link replacement.

P/N	DESCRIPTION
TL915	Linkage Pliers, Locking
TL910	Linkage Pliers, Non-Locking
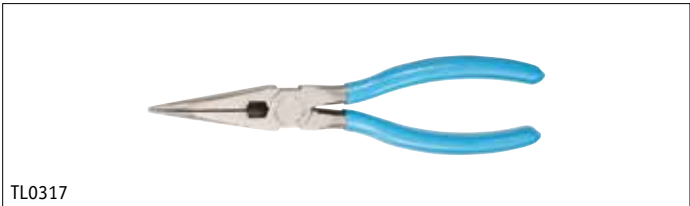

TL0317

These **LONG-NOSE PLIERS**, from **Channellock**, are made from high-carbon steel with knife- and anvil-style cutting edges for perfect mating and longevity. **Channellock-Blue®** comfort grip handles are standard.

| P/N	DESCRIPTION
TL0317	8" Long-Nose Pliers

TL0526

TL060

Crescent® PLIERS feature shear-style wire cutters, heat treated to hold their edge. Made of forged alloy steel, all pliers come with nonslip cushion-grip handles for extra control and comfort.

P/N	DESCRIPTION
TL0526	$6^1/2"$ Slip Joint Pliers
TL060	7" Long Needle-Nose Pliers

Vise-Grip® LOCKING PLIERS can be used for turning, cutting, tightening, clamping, and twisting. They feature a hardened tooth design to grip from any angle and an adjusting screw for exact pressure during repetitive use. Constructed of alloy steel and heat treated for extra toughness and durability. Additionally, **TLVG1** and **TLVG3** feature a built-in wire cutter that cuts bolts (up to a $1/4$").

P/N	DESCRIPTION
TLVG1	7" Curved-Jaw Vise-Grips w/ Wire Cutter
TLVG2	7" Straight-Jaw Vise-Grips
TLVG3	6" Long-Nose Vise-Grips w/ Wire Cutter

TLVG1

TLVG2

TLVG3

Shear-cut **SNAPPER WIRE CUTTERS** have micro-sized, premium-quality steel jaws that hold their edge, while cushioned grips offer comfortable use and less hand fatigue.

P/N	DESCRIPTION
TL20033	$5^3/4$" Snapper Wire Cutters

TL20033

Ideal for hitting stamps and making readable marks, this **2 LB STAMPING HAMMER** has an 8" shaft for easy control.

P/N	DESCRIPTION
SH2	Stamping Hammer

Channellock® LOCKNUT PLIERS are designed for quick, easy adjustment of electrical locknuts and **GVNUT**. Their thin profile is ideal for use in tight wire-confined electrical boxes, and they have spring-loaded locking handles that fit $1/2$", $3/4$", 1", $1^1/4$", and $1^1/2$" locknuts.

P/N	DESCRIPTION
TL960	$8^1/2$" Locknut Pliers

SH2

TL960

Featuring **Titanium Bonded®** blades that are three-times harder than steel, these **Ti STRAIGHT SNIPS** stay sharper longer and resist corrosion and adhesives. Plus their top blade is micro-serrated for true "grip and cut" performance. Ergonomic glass-filled nylon handles add comfort, while their spring-assisted action reduces hand fatigue. Other features include an internal locking mechanism and integrated wire cutter.

P/N	DESCRIPTION
TL18039	8" Straight Snips

TL960 In Use

With their multi-purpose design, these **AVIATION SNIPS** cut straight and wide curves on sheet metal, vinyl, plastic, and rubber. They feature **Pro-Touch™ Grips** for comfortable handling with less fatigue. Polished alloy blades give them a high-quality finish, while a positive lock-space safety latch keeps them closed.

P/N	DESCRIPTION
TL103	10" Aviation Snips

TL18039

TL103

Craftsman's Handi-Cut® UTILITY CUTTERS offer alloy steel construction with integrated in-handle blade storage. Their super-sharp $3^7/8$" stainless blade easily slices through leather, rubber hose, plastic, and more. Handle latch and extra blade are standard.

P/N	DESCRIPTION
TL00937301	Utility Cutters
TL00937253	Replacement Blade
	For TL00937301

TL00937301 In Use

TFAAAB	AAA Alkaline Batteries, Pkg/4

Tactically oriented, this **Pelican LED FLASHLIGHT** is made of Type II anodized aluminum for extra toughness. It is Spot-to-Flood-light capable and features **Slide-Beam Technology** for easy light adjustment. It includes a built-in battery level indicator and a steel clip to keep it close. IPX7 waterproof to 1 m for up to 30 minutes. Comes with two AA alkaline batteries. 6$7/16$". Black.

P/N	DESCRIPTION
P2380BK	Tactical LED Flashlight
	372 Lumens (High Mode); 13 hr Runtime (Low Mode)
TFAAB	AA Alkaline Batteries, Pkg/4

Another great light, from **Pelican**, the **StealthLite™ LED FLASHLIGHT** is corrosion proof, extreme-temperature resistant, and submersible. It offers the brightness of a xenon bulb but with the battery life of a LED. Intrinsically safe, it comes standard with a one-handed flip switch and four AA alkaline batteries. Class I, II, III, Division 1 rated and IPX7 waterproof to 1 m for up to 30 minutes. 7". Yellow.

P/N	DESCRIPTION
P2410Y	StealthLite LED Flashlight
	183 Lumens; 5.75 hr Runtime
TFAAB	AA Alkaline Batteries, Pkg/4
E91BP4	Max AA Alkaline Batteries, Pkg/4

Energizer's metal **LED PENLIGHT** is small and portable, featuring a push-button switch for one-handed operation and a sturdy clip to help keep it close. A super-bright LED provides strong light in an easy-to-use format, while two **Energizer® Max®** AAA alkaline batteries provide the power. Impact resistant to 1 m. 5$5/8$". Silver.

P/N	DESCRIPTION
PLED23A	Metal LED Penlight
	35 Lumens; 20 hr Runtime
TFAAAB	AAA Alkaline Batteries, Pkg/4

Streamlight® Stylus® PENLIGHTS clip to your shirt pocket and feature a 100,000-hour LED that you can switch from Constant-On to Momentary Blink with the click of a button. They have a knurled anodized aluminum body and use three AAAA-cell batteries (included). IPX4 water resistant. Black.

P/N	DESCRIPTION
SL65018	Stylus Penlight, 6³/₁₆" Long
	11 Lumens; 24 hr Runtime

	300 Lumens; 5 hr Runtime
TFAAB	AA Alkaline Batteries, Pkg/4

HCSP61E

The **Energizer® Hard Case Professional® LED SPOTLIGHT** is suited for long-distance lighting applications, thanks to its tight white beam that is intensely focused. Weatherproof, IPX4 water resistant, and impact-resistant to 7 m, its nonslip pistol grip and trigger switch make it easy to operate. Comes with a removable clip and six AA **Energizer® Max®** batteries. 12". Black/Gray.

P/N	DESCRIPTION
HCSP61E	Hard Case LED Spotlight
	600 Lumens; 6.25 hr Runtime
TFAAB	AA Alkaline Batteries, Pkg/4

Intrinsically safe, the **RIGHT ANGLE LED FLASHLIGHT**, from **Pelican**, offers four lighting modes—High, Low, Flashing, and Downcast. It comes with a built-in battery life indicator for at-a-glance power readings, a clip for hands-free operation, and a tethered battery door. Class I, Division 1 approved. IPX4 water resistant. Requires four AA alkaline batteries (not included). 5³/₈". Yellow.

P/N	DESCRIPTION
P3715Y	Right Angle LED Flashlight
	233 Lumens (High Mode); 31 hr Runtime (Downcast Mode)
TFAAB	AA Alkaline Batteries, Pkg/4
E91BP4	Max AA Alkaline Batteries, Pkg/4

P3715Y

This **RECHARGEABLE RIGHT ANGLE LED FLASHLIGHT** shares many features with other **Pelican™** flashlights, like High, Low, Downcast, and Flashing light modes. Where it differs is in what it runs on—four alkaline AA batteries or a rechargeable battery pack (both included). It is made of ABS, making it light yet rugged, and it is intrinsically safe. Class I, Division 1 rated (with alkaline batteries) and Class I, Division 2 (with rechargeable battery pack). NFPA 1901 compliant and IPX4 water resistant. 5³/₈". Yellow.

P/N	DESCRIPTION
P3765Y	Rechargeable Right Angle LED Flashlight w/ 120 VAC/12–24V Fast Charger
	237 Lumens (High Mode); 14 hr Runtime (Downcast Mode)
TFAAB	AA Alkaline Batteries, Pkg/4
E91BP4	Max AA Alkaline Batteries, Pkg/4

P3765Y

Offering magnetic attachment, **Energizer's Hard Case Professional® LED WORK LIGHT** uniformly lights up areas with two optimized LED modes that offer better runtime and beam distance. IPX4 water resistant, impact resistant to 7 m, and includes four AA **Energizer® Max®** batteries. 13¹³/₁₆". Black.

P/N	DESCRIPTION
HCAL41E	Hard Case Work Light
	550 Lumens; 8 hr Runtime
TFAAB	AA Alkaline Batteries, Pkg/4

HCAL41E

This lightweight **LED LANTERN**, from **Pelican**, has four LEDs with three lighting modes—High, Low, and Flashing—and its head rotates 120°. Other standard features include a battery status indicator and a shoulder strap, and it comes with one 7.2V lithium-ion battery. NFPA 1901 rated and IPX4 water resistant. 8³/₄". Yellow.

| P/N	DESCRIPTION
P9410LY*	LED Lantern
	1203 Lumens (High Mode); 10.5 hr Runtime (Low Mode)

P9410LY

P9415Y

Powerful and lightweight, **Pelican's** intrinsically safe **RECHARGEABLE LED LANTERN** comes with four LEDs and three lighting modes—High, Low, and Flashing. A 120° rotating head, battery status indicator, shoulder strap, and four rechargeable "C" Ni-Mh batteries are standard. Class I, Division 1 rated and IPX4 water resistant. $8^3/_4$". Yellow.

P/N	DESCRIPTION
P9415Y*	Rechargeable LED Lantern
	413 Lumens (High Mode); 12 hr Runtime (Low Mode)

*Unavailable in AK, HI, PR, or Catalina

P9420XL
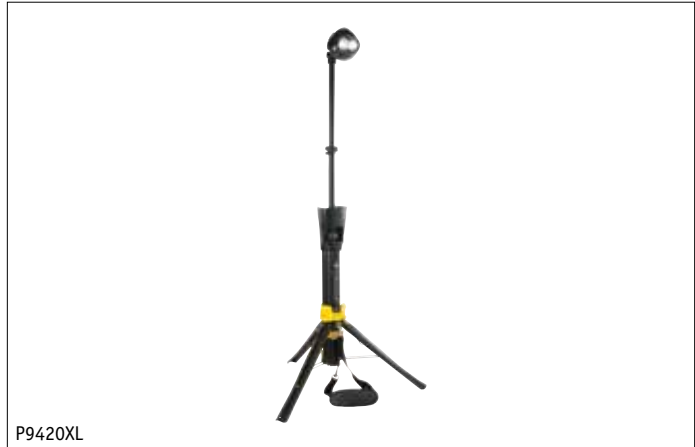

The **RECHARGEABLE LED WORK LIGHT KIT**, from **Pelican**, eliminates the hassle of finding power. Powerful, thanks to dual LEDs, it has High and Low lighting modes, a water resistant switch, and a battery indicator to keep track of its power usage. It recharges fast (2 hours), and it all comes in a blow-molded case that includes one lithium-ion battery, a DC vehicle charger, an AC main charger with transformer, a charging station, and a shoulder strap. 29" (closed), 62" (extended). Black.

P/N	DESCRIPTION
P9420XL*	ProGear Work Light Kit
	1000 Lumens (High Mode); 4 hr Runtime (Low Mode)

*Unavailable in AK, HI, PR, or Catalina

P9480Y

This **REMOTE AREA LIGHTING SYSTEM**, from **Pelican**, offers three preset light levels—High, Medium, and Low with Flashing—and a deployable mast that rotates 340° for maximum coverage. It uses eight **High Flux** LEDs for blindingly bright light, while a **Bluetooth® iPhone® App** controls multiple units. Other features include a battery status indicator, shoulder strap, and 12V rechargeable battery. $10^1/_4$" (closed), $23^3/_4$" (extended). Yellow.

P/N	DESCRIPTION
P9480Y	Remote Lighting System
	4000 Lumens (High Mode); 28 hr Runtime (Low Mode)

P3610Y

Intrinsically safe, **Pelican's Little Ed™ RIGHT ANGLE LED FLASHLIGHT** features corrosion-proof ABS resin construction, making it immune to extreme temperatures. It uses **Deep Mount LED Technology** for outstanding light output and comes with a mounting clip and four AA alkaline batteries. Class I, II, III, Division 1 rated and IPX7 waterproof to 1 m for up to 30 minutes. $7^1/_2$". Yellow.

P/N	DESCRIPTION
P3610Y	Little Ed Flashlight
	183 Lumens; 5 hr Runtime
