Fireeye Price Book 2019 Edition

A series of seven parallel red diagonal lines are located in the bottom right corner of the central box, slanting upwards from left to right.

CG-14
EFFECTIVE
JANUARY 1, 2019

FIREYE GENERAL TERMS AND CONDITIONS OF SALE

THE FOLLOWING TERMS AND CONDITIONS SHALL GOVERN THE ENTIRE PURCHASE RELATIONSHIP (THE "**CONTRACT**") BETWEEN FIREYE ("**FIREYE**") AND THE PURCHASER AS STATED IN THE PURCHASE ORDER ("**PURCHASER**") INCLUDING, BUT NOT LIMITED TO, ALL NEGOTIATIONS, ORDERS, ACCEPTANCES, SALES AND DELIVERIES. NO TERM OR CONDITION OR OTHER UNDERSTANDING, ORAL OR WRITTEN, IN ANY WAY PROPOSING TO VARY OR EXPAND UPON THESE TERMS AND CONDITIONS, WHETHER CONTAINED IN THE PURCHASER'S FORMS OR ELSEWHERE, SHALL BE BINDING ON FIREYE, ITS SUCCESSORS OR ASSIGNS, UNLESS IN WRITING AND SIGNED BY AN OFFICER OF FIREYE.

1. WARRANTIES, EXCLUSIVE REMEDIES, AND LIMITATION OF DAMAGES:

Fireye guarantees for one year from the date of installation or 18 months from the date of manufacture, whichever occurs first, to replace, or at its option, to repair any product or part thereof which Fireye, in its sole discretion, deems to be defective in material or workmanship or which otherwise fails to conform to the description of the product on the face of its sales order. Fireye's obligations pursuant to this warranty do not extend to any products or parts thereof which Fireye determines to have been installed, operated, maintained, repaired, or altered improperly or otherwise than in conformity to Fireye's applicable instructions, or which have been subject to misuse, accident or neglect.

THE FOREGOING IS IN LIEU OF ALL OTHER WARRANTIES, BOTH EXPRESS AND IMPLIED, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

EXCEPT AS SPECIFICALLY STATED IN THESE TERMS AND CONDITIONS OF SALE, REMEDIES WITH RESPECT TO ANY PRODUCT OR PART MANUFACTURED OR SOLD BY FIREYE, OR WITH RESPECT TO ANY BREACH OF OR DEFAULT UNDER THIS CONTRACT (INCLUDING ANY BREACH OF WARRANTY), SHALL BE LIMITED EXCLUSIVELY TO THE RIGHT TO REPLACEMENT OR REPAIR F.O.B. FIREYE MAIN WAREHOUSE LOCATION, AS ABOVE PROVIDED. IN NO EVENT SHALL FIREYE BE LIABLE FOR CONSEQUENTIAL OR SPECIAL DAMAGES OF ANY NATURE WHICH MAY ARISE IN CONNECTION WITH SUCH PRODUCT OR PART OR ANY BREACH OF OR DEFAULT UNDER THIS CONTRACT.

TO THE EXTENT PERMITTED BY LAW, THE AGGREGATE LIABILITY OF FIREYE HEREUNDER WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, WILL BE LIMITED TO ONE TIMES THE CONTRACT VALUE, PROVIDED HOWEVER THE FOREGOING LIMITATION DOES NOT LIMIT THE LIABILITY OF FIREYE FOR ANY INJURY TO, OR DEATH OF A PERSON, CAUSED BY THE GROSS NEGLIGENCE OF FIREYE.

2. ACCEPTANCE OF ORDERS: Fireye shall have no obligation, nor shall Fireye be bound, with respect to any order, unless the order has been accepted by an authorized employee of Fireye. At its discretion, Fireye may elect to reject any orders submitted by Purchaser.

3. SHIPMENT: All prices are F.O.B. Fireye main warehouse location. Method and route of shipment are at Fireye's discretion, unless the Purchaser supplies explicit instructions on the face of the sales order in which case the Purchaser shall pay any additional transportation costs occasioned by such instructions. Purchaser assumes all risk of loss or damage to the products during shipment and is responsible for insuring such products for their purchase price. Title to the products transfers to Purchaser immediately upon delivery to the first carrier transporting the shipment.

4. DELIVERY AND FORCE MAJEURE: Under no circumstances shall Fireye be liable for any loss, damage or delay due to any cause beyond its reasonable control, including but not limited to acts of government, strikes, lockouts, other labor disputes, fire, explosion, theft, weather damage, flood, earthquake, riot, civil commotion, war, malicious mischief or act of God.

5. TAXES: The amount of any present or future sales, revenue, excise or other taxes applicable to the products listed herein shall be added to the purchase price and shall be paid by the Purchaser, or in lieu thereof the Purchaser shall provide Fireye with a tax exemption certificate acceptable to relevant taxing authorities.

6. QUOTATIONS AND PRICES: Prices are subject to change without notice and orders calling for future delivery will be billed according to the price in effect at the time of delivery. A \$100.00 net minimum billing applies to all orders. Written quotations are effective only if made on Fireye's standard quotation form and, in any event, such quotations shall automatically expire sixty (60) calendar days from the date issued and are subject to earlier termination by notice at any time during that 60-day period. Payment terms are as stated on the invoice or net thirty (30) days when not specified.

7. CANCELLATIONS, MODIFICATIONS AND RETURNS: Once placed, orders may be cancelled or modified by the Purchaser only with the written consent of Fireye in its sole discretion. If such consent is given and an order is cancelled or modified, the Purchaser shall reimburse Fireye for all expenses (as determined by Fireye in its sole discretion) incurred prior to such cancellation or as a result of such modification and pay such cancellation fee as Fireye may determine in its sole discretion. Goods may be returned only with the prior written authorization of Fireye and shall be subject to such fees and restocking charge as may be determined by Fireye, in its sole discretion. All goods returned pursuant to Fireye's authorization shall be shipped with shipping charges prepaid and securely packed so as to reach Fireye without damage.

8. PATENT INFRINGEMENT: If suit is brought against Purchaser alleging that the manufacture or sale of products sold hereunder infringes any United States patent (except infringement occurring as a result of incorporating a design or modification of the goods at Purchaser's request, or occurring as a result of Purchaser's failure to use the goods in the manner directed and exclusively for the purposes for which they are sold), then Fireye will defend, indemnify and hold harmless Purchaser and pay any awards against Purchaser arising from such infringement; provided, however, that Purchaser has given Fireye (a) prompt written notice of any charge of such infringement, (b) the right at its expense to settle such charge or to defend or control the defense of any suit based upon such charge, and (c) all necessary information and assistance in connection therewith. In case any product sold hereunder is held to infringe an existing patent and the use of said product is enjoined. Fireye shall have the option of either procuring for the Purchaser the right to continue using said product, or replacing the same with a non-infringing product, or modifying the same so as to avoid infringement, or removing the same and refunding the purchase price. THIS PARAGRAPH SETS FORTH FIREYE'S SOLE AND EXCLUSIVE LIABILITY WITH RESPECT TO PATENT INFRINGEMENT.

9. TRADEMARKS AND TRADE NAMES: Purchaser acknowledges that all brand names, trade names and trademarks incorporated onto or associated with the products (collectively, the "**Marks**") purchased hereunder are the exclusive property of Fireye and that the Purchaser will not acquire any rights in any of the Marks by purchasing the products hereunder. Purchaser shall not make any use of the Marks at any time except as otherwise authorized in writing by Fireye.

10. PROPRIETARY INFORMATION/NONDISCLOSURE: Purchaser acknowledges that any knowledge or information, including drawings and data, which Fireye may have disclosed or may hereafter disclose to the Purchaser incident to the placing and filling of a purchase order, shall, at all times, remain the exclusive property of Fireye, and Purchaser shall acquire no interest in, or right with respect to, such proprietary information unless otherwise stated in writing by Fireye. Purchaser further acknowledges that such proprietary information constitutes valuable, special and unique business assets of Fireye and Purchaser will not now or at any time in the future use any such information in any manner or disclose any such information to any person or entity, except as expressly permitted in writing by Fireye.

11. DEFAULT/REMEDIES AND TERMINATION: In the event that Purchaser fails to make payment when due for goods shipped to it or otherwise breaches any provision of this Contract, Purchaser shall be liable for any loss suffered by Fireye by reason of such action including but not limited to, costs of collection, attorneys' fees, loss of Fireye's profits, and additional freight, storage and handling costs. In such event, Fireye, at its sole discretion, may also terminate this Contract, require that any shipment be made C.O.D., demand cash in advance prior to filling any orders from the Purchaser and place the Purchaser on credit hold. The above-listed remedies are cumulative and in addition to any other remedies available to Fireye at law or in equity.

12. INDEMNIFICATION: Purchaser shall indemnify, defend and hold harmless Fireye from and against any and all claims, losses, liabilities and expenses (including without limitation, attorneys' fees) on account of any injuries or deaths of any persons or damage to any property arising from the sale and use of goods sold by the Purchaser in which the products sold hereunder are incorporated.

13. DISPUTE RESOLUTION: Any disputes arising under this Contract shall be referred to binding arbitration in the state of New Hampshire under the commercial arbitration rules of the American Arbitration Association.

14. GOVERNING LAW: This Contract shall be governed and interpreted in accordance with the laws of the State of New Hampshire. The state courts of New Hampshire and the U.S. District Court for the District of New Hampshire shall have exclusive jurisdiction with respect to claims made hereunder.

15. NON-WAIVER: Failure by either party to exercise any of its rights under this Contract upon one occasion shall not constitute a waiver of its right to exercise the same or other rights on another occasion.

16. ASSIGNMENTS: Purchaser may not assign or transfer any of its rights or duties under this Contract without the written consent of Fireye. Fireye may, in its sole discretion, assign or transfer any or all of its rights or duties under this Contract to any person or entity, including without limitation any affiliate of successor.

17. SEVERABILITY: In the event any provision herein should be held unenforceable by a court of competent jurisdiction, such court is hereby authorized to amend such provision so that it will be enforceable to the fullest extent permitted by law, and all remaining provisions shall continue in full force without being affected, impaired, or invalidated thereby in any way.

INTRODUCTION TO THE PRICE MANUAL

Section I This FIREYE Price Manual has been constructed to allow you to quickly and conveniently find the prices of products. More information on each product can be found on the pages in Section II and III of the manual. Consult the product bulletin for more detailed information.

This section contains a complete listing of all part numbers found in the manual. The numbers are shown in alpha numeric order with the discount schedule, list price, trade-in list price (if appropriate), estimated shipping weight (lbs/kg), lead time and the number of the manual where more information can be found about the item.

Section II This section contains a listing of all standard Fireye products in a family grouping with the following information:

- Part Number
- Brief Description
- Lead Time
- Technical Bulletin Number
- List Price
- Trade In Price (if appropriate)
- The family groupings are found on the Table of Contents.

Section III This section shows a listing of all Fireye Systems Components products in a family summary with more information than found in Section I. The information found on each item is identical to the categories in Section II.

The *List Price* can be used when purchasing a control and the old control is not turned in to the Authorized Fireye Distributor. To obtain a complete international listing of all authorized Distributors, visit www.fireye.com and click on the Distributor List icon.

IMPORTANT: *When Fireye products are combined with equipment manufactured by others and/or integrated into systems designed or manufactured by others, Fireye's warranty, as stated in its General Terms and Conditions of Sale, pertains only to the Fireye products and not to any other equipment or to the combined system or its overall performance.*

ALL PRICES AND SPECIFICATIONS SHOWN IN THIS BULLETIN ARE SUBJECT TO CHANGE WITHOUT NOTICE.

Freight

1. Customers pay freight charges on all orders.
2. All orders are shipped standard FedEx ground unless requested otherwise.
3. Expedited freight will be charged at the standard expedited FedEx freight rates.
4. Fireye will also ship FedEx collect or against your company's freight account upon request.
5. All shipments from Fireye are Freight On Board (FOB), Derry, NH.

**Warranty
Shipping**

Return authorization is necessary on all returns. Contact your local distributor or FIREYE for authorization.

SHIP ALL PRODUCTS TO FIREYE PREPAID. Shipments received collect will be refused. To prevent damage in transit, you are requested to take special care in packing units returned to the Factory. Units received that are damaged during shipment will be held and the carrier notified. The processing of warranty transactions will be delayed until Fireeye is notified of the carriers action.

RETURN SHIPPING ADDRESS: Authorized Fireye Distributors only:

IN THE UNITED STATES:

FIREYE
3 Manchester Road
Derry, NH 03038
Tel: (603) 432-4100
FAX: (603) 432-1570

**Warranty
Policy**

If the product being claimed under warranty is not received within thirty (30) days following the assignment of the RMA number, or if, in its discretion, Fireeye determines that the product is not covered by the Fireeye warranty, then the Distributor will be invoiced at the Distributor's price for the replacement part, including any shipping costs.

Fireeye controls are available through Distributors who will assist you with the replacement of inoperative units promptly on a local basis.

Fireeye maintains a Distributor program expressly for the purpose of extending to the users of Fireeye products the best possible service to give prolonged, dependable usage of our products.

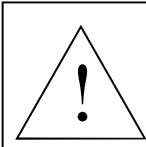

- New in-warranty controls will be replaced through the local Primeline Distributor or the point of purchase.
- The in-warranty replacement of any control carries the unexpired balance of the warranty period on the original control.
- All exchanges are to be made locally through the authorized distributor or the point of purchase.
- All transactions below the Distributor level will be processed solely through local authorized FIREYE Distributors.

**Purchase
Orders**

Purchase orders can be placed on Fireeye via fax or e-mail.

Fax: 1-800-647-4740
E-mail: kristin.yates@fireeye.com (for Domestic orders)
matt.wallace@fireeye.com (for International orders)

Repair Policy Fireye no longer offers the repair of Detector Electronics flame safeguard controls or flame scanners.

UNAUTHORIZED CONTROL REPAIR: The controls found in this price manual are often used in safety applications. Unauthorized repair or service of these can be dangerous or may cause damage to life and property if incorrectly done. Approvals are void when unauthorized repairs are made to Fireye controls.

Drop Shipments Authorized Primeline Distributors are expected to stock and maintain sufficient inventory of Fireye product to adequately meet the needs of the customers in their area of primary responsibility. Consequently, Fireye will charge an additional \$50.00 per order for any drop ship requests. Fireye will only drop ship within a distributor's area of primary responsibility.

10% Penalty for Small Orders If the total List Price of an order does not exceed \$1,000.00, then a 10% pricing penalty (e.g., 1.1 multiplier) will be applied to the order.

Lead Time Lead Time represents the time required (in business days) after receipt of your order to ship your items. CF refers to Consult Factory. Lead Time does not include actual shipping time. Items ordered in large quantity may increase the published Lead Time delivery of that item. Fireye reserves the right to ship orders earlier than the published Lead Time if permitted by the customer. Lead Time is subject to change as business conditions warrant. Questions concerning Lead Time or delivery of any product should be directed to the Customer Service Department.

Internal Components or Diagrams Fireye does not provide either internal components or wiring diagrams for the products shown in this price manual. Repairs are not authorized by Fireye. Flame safety products should only be repaired by the original manufacturer.

Bar Code Information Fireye has fully implemented a product barcoding / serialization process for all of our part numbers.

Below is an explanation of how to read the new bar code label.

Format of Bar Code = **CM-SKU-YYWWEC-NNNN** where:

CM = a two digit code representing the product manufacturer. (FIREYE = 01)

SKU = the ascii representation of the orderable SKU

YY = the year of manufacture. 2015 is coded 15

WW = the week of manufacture

EC = Engineering Code

NNNN = the serialized number

EXAMPLE FOR 95DSS3-1: **01-95DSS3-1-150801-0001**

FLAME-MONITOR™

A microprocessor-based flame safeguard programming control offering 2-line LCD alpha-numeric display (ED510) with local access to burner history, or LED indicator lights (EPD Programmers), modular design and communication capability.

SECTION TWO: FIREYE PRIMELINE FAMILY — CG-14

BURNERLOGIX™

The Fireye® BurnerLogix™ System is a microprocessor based burner management control system designed to provide the proper burner sequencing, ignition and flame monitoring protection on automatically ignited oil, gas, and combination fuel burners.

NEXUS™

The Fireye NEXUS Integrated Controller is a microprocessor based flame safeguard control panel and parallel positioning system built into one compact, user configurable package. The system consists of the controller, wiring base, associated temperature and/or pressure sensors.

Note: Primeline Distributors should contact their local Fireye representative for information on becoming an Authorized Nexus Distributor prior to entering an order.

MAIN COMPONENTS for NEXUS Control System utilizing FX style servo motors

Part Number	Description	Lead Time	Bulletin Number	List Price US\$	Trade-In Price US\$	Disc
PPC4000	UL Approved parallel positioning controller, with up to ten (10) selectable FX servo-motor drives. 120VAC operation, use with external FSG. Display sold separately	3	PPC-4001	1,774.00	-	N
PPC4000-230V	Parallel positioning controller, with up to ten (10) selectable FX servo-motor drives. 230VAC operation, use with external FSG. Display sold separately	10	PPC-4001	1,774.00	-	N
NXF4000	UL/CE Approved standalone parallel positioning controller, with up to ten (10) selectable FX servo-motor drives. 120VAC operation, use with plug-in flame amplifier card. Display sold separately	3	NXF-4001	1,774.00	-	N
NXF4000-230V	CE Approved standalone parallel positioning controller, with up to ten (10) selectable FX servo-motor drives. 230VAC operation, use with plug-in flame amplifier card. Display sold separately	10	NXF-4001	1,774.00	-	N
SDC-4001	PPC4000 Demo Case	CF	SDC-1001	6,315.00	-	N
NXT4000	NXF4000 Product Trainer. Includes servos and NXF4000.	CF	-	6,250.00	-	N

DISPLAY MODULE FOR PPC4000 / NXF4000

NXDBMB	Modbus communications card	CF	-	625.00	-	N
NXDBISO	Isolated comms with two 4-20mA and two programmable relays.	CF	-	OBSOLETE		N
NXDBVSD	VFD interface daughter board with two VFD channels, one analog output, two counter inputs, two programmable relays. Also includes Modbus communications.	CF	-	896.00	-	N
NXO2TRIM	O2 interface module with Fireye and generic (4-20mA) probe inputs.	10	NXPK-2244	4,927.00	-	N
NXO2INT	CANbus O2 interface module with Fireye and generic (4-20mA) probe inputs. Not available after April 1, 2018.	-	-	OBSOLETE		N
NXEXP300	Expansion module for use with PPC6000 or NX6100. Provides 7 low voltage and 2 line voltage safety related digital inputs. Multiple element water level control, Total Dissolved Solids control, Draft control.	CF	NXEXP-6001	3,691.00	-	N
NXDBWLC	Daughter board for use with NXEXP300. Provides 3 element water level control, surface and bottom down control for Total Dissolved Solids	CF	-	1,356.00	-	N

O2 PROBES FOR NX6100 / PPC6000

Part Number	Description	Lead Time	Bulletin Number	List Price US\$	Trade-In Price US\$	Disc
NXPK224455	O2 probe assembly (for flues 300mm to 1000mm). Includes NXIATS CANbus ambient temperature sensor, flange kit.	20	NXPK-2244	6,731.00	-	N
NXPK224456	O2 probe assembly (for flues 600mm to 2000mm). Includes NXIATS CANbus ambient temperature sensor, flange kit.	CF	NXPK-2244	7,098.00	-	N
NXPK224457	O2 probe assembly (for flues 1200mm to 4000mm). Includes NXIATS CANbus ambient temperature sensor, flange kit.	CF	NXPK-2244	8,009.00	-	N
NXO2PK4	O2 probe assembly (for flues 300mm to 1000mm). Includes NXIATS CANbus ambient temperature sensor, flange kit. OBSOLETE, consult factory for replacement.	-	-	OBSOLETE		N
NXO2PK6	O2 probe assembly (for flues 600mm to 2000mm). Includes NXIATS CANbus ambient temperature sensor, flange kit. OBSOLETE, consult factory for replacement.	-	-	OBSOLETE		N
NXO2PK8	O2 probe assembly (for flues 1200mm to 4000mm). Includes NXIATS CANbus ambient temperature sensor, flange kit. OBSOLETE, consult factory for replacement.	-	-	OBSOLETE		N

\$100 net minimum order applies. Drop ship charge of \$50.00 per order. CF = Consult Factory. Prices subject to change. All prices in U.S. dollars.

ACCESSORIES FOR O2 PROBES FOR NX3100 / NX4000 / NX5100 / NX6100 / PPC5000 / PPC6000

Part Number	Description	Lead Time	Bulletin Number	List Price US\$	Trade-In Price US\$	Disc
LA220427	Weld flange kit for O2 probe. Includes gasket and cover.	CF	-	424.00	-	N
NX6083-1	Replacement O2 probe for NX224455. Does not include mounting flange, ambient air sensor, or transformer.	CF	NXPk-2244	5,723.00	-	N
NX6083-2	Replacement O2 probe for NX224456. Does not include mounting flange, ambient air sensor, or transformer.	CF	NXPk-2244	6,050.00	-	N
NX6083-3	Replacement O2 probe for NX224457. Does not include mounting flange, ambient air sensor, or transformer.	CF	NXPk-2244	6,904.00	-	N
LA220978	Replacement O2 probe for NX280PK, LA221419-004, NXO2PK4. Does not include mounting flange, ambient air sensor, or transformer. OBSOLETE	-	-	OBSOLETE		N
LA220979	Replacement O2 probe for LA221419-005, NXO2PK6. Does not include mtg flange, ambient air sensor, or transformer. OBSOLETE	-	-	OBSOLETE		N
LA220980	Replacement O2 probe for LA221419-006, NXO2PK8. Does not include mtg flange, ambient air sensor, or transformer. OBSOLETE	-	-	OBSOLETE		N
NX-CAB-SET	Interconnecting cable from O2 probe to controller (NXO2TRIM). 10 meters in length.	10	NXPk-2244	711.00	-	N
NXA-CAB10	Interconnecting cable from O2 probe to controller, 33 feet (10 m.) Use with older style probes. Obsolete	CF	NEX-1002	OBSOLETE		-
NXA-CAB20	Interconnecting cable from O2 probe to controller, 66 feet (20 m.) Use with older style probes. Obsolete	CF	NEX-1002	OBSOLETE		-
NXA-CAB30	Interconnecting cable from O2 probe to controller, 99 feet (30 m.) Use with older style probes. Obsolete	CF	NEX-1002	OBSOLETE		-
NXA-PWS	Weather shield for O2 probe - Use with older style probes.	CF	NEX-1002	1,503.00	-	N
NXA-PS500	Angled gas sampling tube (500mm) for O2 probe for flues 600mm to 2000mm.	CF	NEX-1002	439.00	-	N
NXA-PS1000	Angled gas sampling tube (1000mm) for O2 probe for flues 1200mm to 4000mm.	CF	NEX-1002	1,534.00	-	N
NXIATS	CANbus ambient temperature sensor for NX6100 and PPC6000 probes.	CF	-	327.00	-	N
NXCAP1	Calibration pump for O2 probe.	CF	-	2,181.00	-	N
19-117	Oxygen probe filter assembly.	CF	-	278.00	-	N
29-414	Oxygen probe flange gasket	CF	-	30.50	-	N
33-510	Oxygen probe sealing nut. Use with older style probes.	CF	-	34.60	-	N
35-335	Oxygen probe calibration nipple. Use with older style probes.	CF	-	108.00	-	N
60-2803	Oxygen probe calibration kit, includes calibration pump, calibration nipple, 2 sealing nuts, 1 filter assembly, and 1 gasket. Use with older style probes.	CF	-	2,633.00	-	N

PRESSURE SENSORS FOR PPC4000 / NXF4000 / NX6100 / PPC6000

Part Number	Description	Lead Time	Bulletin Number	List Price US\$	Trade-In Price US\$	Disc
BLPS-15	Pressure transducer, 0-15 psi (0-1030 mb), 4-20 mA output linear with pressure. ¼" NPT mounting. Screw terminal connections and conduit adapter cover.	10	BLZPTS-1	571.00	-	A
BLPS-25	Pressure transducer, -14.7-25 psi (-1013-1720 mb), 4-20 mA output linear with pressure. ¼" NPT mounting. Screw terminal connections and conduit adapter cover. For use with PPC4000 / NXF4000 only.	10	BLZPTS-1	571.00	-	A
BLPS-30	Pressure transducer, 0-30 psi (0-2070 mb), 4-20 mA output linear with pressure. ¼" NPT mounting. Screw terminal connections and conduit adapter cover.	10	BLZPTS-1	571.00	-	A
BLPS-200	Pressure transducer, 0-200 psi (0-13.8 Bar), 4-20 mA output linear with pressure. ¼" NPT mounting. Screw terminal connections and conduit adapter cover.	10	BLZPTS-1	571.00	-	A
BLPS-300	Pressure transducer, 0-300 psi (0-20.7 Bar), 4-20 mA output linear with pressure. ¼" NPT mounting. Screw terminal connections and conduit adapter cover.	10	BLZPTS-1	571.00	-	A

TEMPERATURE SENSORS FOR PPC4000 / NXF4000 / NX6100 / PPC6000

Part Number	Description	Lead Time	Bulletin Number	List Price US\$	Trade-In Price US\$	Disc
TS350-2	Temperature sensor, Range 32°F to 350°F (0°C to 176°C), 4-20 mA output, linear with temperature. Insertion length is 2 inches. Stainless steel thermowell included with 1/2" - 14 NPT mounting.	10	BLZPTS-1	582.00	-	A
TS350-4	Temperature sensor, Range 32°F to 350°F (0°C to 176°C), 4-20 mA output, linear with temperature. Insertion length is 4 inches. Stainless steel thermowell included with 1/2" - 14 NPT mounting.	10	BLZPTS-1	582.00	-	A
TS350-8	Temperature sensor, Range 32°F to 350°F (0°C to 176°C), 4-20 mA output, linear with temperature. Insertion length is 8 inches. Stainless steel thermowell included with 1/2" - 14 NPT mounting.	10	BLZPTS-1	582.00	-	A
TS752-2	Temperature sensor, Range 32°F to 752°F (0°C to 400°C), 4-20 mA output, linear with temperature. Insertion length is 2 inches. Stainless steel thermowell included with 1/2" - 14 NPT mounting.	10	BLZPTS-1	672.00	-	A
TS752-4	Temperature sensor, Range 32°F to 752°F (0°C to 400°C), 4-20 mA output, linear with temperature. Insertion length is 4 inches. Stainless steel thermowell included with 1/2" - 14 NPT mounting.	10	BLZPTS-1	672.00	-	A
TS752-8	Temperature sensor, Range 32°F to 752°F (0°C to 400°C), 4-20 mA output, linear with temperature. Insertion length is 8 inches. Stainless steel thermowell included with 1/2" - 14 NPT mounting.	10	BLZPTS-1	672.00	-	A

MICROM SERIES

The Fireye MicroM Series Flame Safeguard Control is a compact, microprocessor based, modular burner management system designed to provide automatic ignition and continuous flame monitoring for commercial sizes of heating and process equipment that use gas and/or light oil fuels.

The inTouch Wireless Monitoring System provides continuous monitoring for up to 10 Flame-Monitor, MicroM and/or BurnerLogix flame safeguard controls. The inTouch System provides 4 dry-contact and AC power inputs. In the event of a lockout or contact closure, the inTouch system reports the condition causing the lockout and also the make, model, and location of the equipment over the wireless cellular network using a wide variety of delivery methods, i.e., telephone, fax, e-mail, or pager (alphanumeric, numeric).

FEE SCHEDULE

FIREYE UNITS CONNECTED	BASIC MONTHLY FEE
FIRST UNIT (MASTER)	\$30.00
UNITS 2—5 (SLAVE)	7.50
UNITS over 5	6.50

Price Includes:

- * 24 hour / 7 day monitoring.
- * Nightly heartbeat messages.
- * Unlimited web access for device configuration and inquiries
- * Past 90 days of Heartbeats and Alert messages at Web site
- * Account set-up assistance, if required.
- * Up to the following number of Alert Messages per month:
 - 50 e-mails or XML and
 - 10 fax or phone messages and
 - 10 numeric pager calls (assumes \$1.50 numeric pager service charge identified at right)
 - 10 Web Deliveries (data log at website without external messaging).

Extras Not Included:

- * Additional Alert messages (e-mails, faxes, or pager calls) over the monthly allotment will be charged an additional \$0.25 each.
- * Additional Web Deliveries over the monthly allotment will be charged at \$0.15 each.
- * Voice retrieval and Numeric pager service, if selected as a delivery method is charged at \$1.50 per InTouch transceiver per month.
- * Device activation / re-activation fee: \$25.00
- * Non-web (operator assisted) set-up and configuration changes \$5.00 per call.

\$100 net minimum order applies. Drop ship charge of \$50.00 per order. CF = Consult Factory. Prices subject to change. All prices in U.S. dollars.

D-SERIES

The 70D40 is a solid-state electronic control system used with manually ignited burner control systems.

SIMPLICITY FLAME SCANNERS

The Fireye Simplicity scanners are micro-processor based flame scanners utilizing high sensitivity UV tube detectors. The Simplicity scanners incorporate an internal flame relay with pre-programmed switching and gain settings, eliminating the need for a remote amplifier and complex field adjustment.

65UV5-1004	UV, integrated flame scanner, 24 VDC, 1" NPT, 4 sec FFRT w/ 4-20 mA. FM approved. Replace with 65UV5-1004QD and 59-598-3 cable.	3	CU-104	OBSOLETE		-
65UV5-1004E	UV, integrated flame scanner, 24 VDC, 1" BSP, 1 sec FFRT w/ 4-20 mA. CE approved. Replace with 65UV5-1004EQD and 59-598-3 cable	10	CU-104	OBSOLETE		-
65UV5-1004QD	UV, integrated flame scanner, 24 VDC, 1" NPT, 4 sec FFRT w/ 4-20 mA with quick disconnect. Use 59-598-xx cable. FM approved.	3	CU-104	3,790.00	-	A
65UV5-1004EQD	UV, integrated flame scanner, 24 VDC, 1" BSP, 1 sec FFRT w/ 4-20 mA with quick disconnect. Use 59-598-xx cable. CE approved. (NOT FOR SALE IN US)	10	CU-104	2,080.00		A
65UV5-1004ECEX	65UV5-1004E Simplicity UV integrated scanner with EExd IIC T6 housing. Fireye scanner. Mounting flange ordered separately	CF	CU-104	3,790.00		A
4-290-1	Replacement UV tube for 65UV5.	CF	CU-104	439.00	-	A
47-36	1/2" flexible conduit adapter. Required for Class 1, Div 2, Group A, B, C, and D rating for 65UV5.	CF	-	13.80	-	A
59-470	Fireye scanner cable, 6 wire.	3	-	4.23 /ft	-	T
59-536	Eight conductor cable, 18 AWG. Complies with UL PLTC Class 1, Div 2, no conduit required.	3	-	4.71 / ft	-	T
59-598	8 conductor cable for Simplicity scanner. Rated for ITC-ER and PLTC-ER.	3	-	4.40 / ft.	-	F
59-598-3	Factory wired cable assembly (59-598) for Simplicity quick disconnect version. 3 meters / 10 ft.	10	133-739	142.00	-	F
59-598-6	Factory wired cable assembly (59-598) for Simplicity quick disconnect version. 6 meters / 20 ft.	10	133-739	195.00	-	F
59-598-9	Factory wired cable assembly (59-598) for Simplicity quick disconnect version. 9 meters / 30 ft.	10	133-739	247.00	-	F
59-598-12	Factory wired cable assembly (59-598) for Simplicity quick disconnect version. 12 meters / 40 ft.	20	133-739	301.00	-	F
59-598-15	Factory wired cable assembly (59-598) for Simplicity quick disconnect version. 15 meters / 49 ft.	20	133-739	355.00	-	F
59-598-17	Factory wired cable assembly (59-598) for Simplicity quick disconnect version. 17 meters / 50 ft.	20	133-739	391.00	-	F
59-598-30	Factory wired cable assembly (59-598) for Simplicity quick disconnect version. 30 meters / 98 ft.	20	133-739	621.00	-	F
59-598-45	Factory wired cable assembly (59-598) for Simplicity quick disconnect version. 45 meters / 1480 ft.	20	133-739	898.00	-	F
59-598-60	Factory wired cable assembly (59-598) for Simplicity quick disconnect version. 60 meters / 197 ft.	20	133-739	1,165.00	-	F
59-598-90	Factory wired cable assembly (59-598) for Simplicity quick disconnect version. 90 meters / 295 ft.	20	133-739	1,696.00	-	F

MB SERIES MULTI-FLAME SYSTEM

The Fireye MB Multi-Flame control monitoring system is designed for the industrial process market (ovens and furnaces). The MB Series controls the start-up sequence and monitors the flames of up to 20 individual gas, oil, or combination burners connected to a common fuel valve train.

MB SERIES MULTI-BURNER CONTROL SYSTEM

INSIGHT FLAME SCANNERS

The Fireye InSight Type 95IR, 95UV, and 95DS flame scanners are micro-processor based flame scanners utilizing solid state infrared (IR), ultraviolet (UV), or dual (IR and UV) sensors. The Fireye InSight Type 95 Series flame scanners incorporate an internal flame relay with adjustable ON/OFF thresholds eliminating the need for a remote amplifier.

PHOENIX INTEGRATED FLAME SCANNERS

The Fireye Phoenix type 85UVF flame scanners are micro-processor based devices utilizing a solid state flame detection sensor. The Phoenix flame scanners incorporate an internal flame relay with automatically set ON/OFF thresholds eliminating the need for a remote flame amplifier or flame switch.

Note: New Phoenix series II flame scanner uses a new style mounting flange. See page 82 for part number!

FIRBER OPTIC ASSEMBLIES

A complete fiber optic assembly requires the appropriate flame scanner, inner carrier assembly, and outer carrier assembly. The fiber optic bundle is included in the inner carrier assembly.

SECTION TWO: FIREYE PRIMELINE FAMILY — CG-14

FIBER OPTIC

For a complete fiber optic system, select one of each: Fiber optic scanner, inner carrier assembly, outer carrier assembly, and a fiber optic bundle. For example:

1. **C9503M-00** IR Fiber optic scanner
2. **003263-001** Inner carrier 72 inches
3. **003265-001** Outer carrier 72 inches
4. **1001806-001** Glass fiber optic bundle

Part Number	Description	Lead Time	Bulletin Number	List Price US\$	Trade-In Price US\$	Disc
C9503M-001	IR fiber optic scanner for heavy oil/coal: Includes DE601-110, DE601-112B, DE601-16, DE601-18, DE601-20A1.	CF	65-8005-02	8,301.00	6,640.80	T
C9503P-002	Adjustable frequency fiber optic scanner for heavy oil/coal.	-	-	OBSOLETE		-
C9503P-003	Adjustable frequency fiber optic scanner for heavy oil/coal.	-	-	OBSOLETE		-
C9504M-001	UV/Visible fiber optic scanner for gas/light oil. Includes DE601-111, DE601-112B, DE601-16, DE601-18, DE601-20A1.	CF	65-8005-02	8,301.00	6,640.80	T
C9504P-002	Non-incendive, adjustable frequency fiber optic scanner for gas/light oil:	-	-	OBSOLETE		-
C9504P-003	Adjustable frequency fiber optic scanner for gas/light oil.	-	-	OBSOLETE		-

Note: The above part numbers include the scanner electronics assembly, base termination assembly, compression fitting and zero degree offset lens for the scanner. The fiber optic inner carrier, outer carrier, and fiber optic bundle must be ordered separately.

SUREFIRE™

Fireye's SureFire High Energy Spark Igniter (HEI) is a Class 3 (special) igniter used for direct spark ignition (12 joules) of oil or gas burners. Fireye's SureFire 20 Gas Igniter provides a reliable source of ignition energy for oil, coal, or natural gas burners.

Contact your local Fireye Regional Sales Manager for price and availability information for the SureFire Product Line.
